

Douglas G. Cummins MD, FACS

Born and raised in Midland, Douglas G. Cummins, MD, FACS, is a native West Texan. At the age of ten, Dr. Cummins suffered a near-fatal ruptured appendix. As a result of that experience, Dr. Cummins made the decision to become a surgeon to positively impact others' lives as his had been.

Dr. Cummins attended Robert E. Lee High School in Midland. After graduating from high school, Dr. Cummins received a Bachelor of Science in Microbiology from Texas A&M University and earned a Doctorate of Medicine from Texas Tech University Health Sciences Center School of Medicine in Lubbock.

Dr. Cummins completed a five-year General Surgery Residency Program at Michigan State University/Kalamazoo Center for Medical Studies in Kalamazoo, MI.

Dr. Cummins is Board Certified in General Surgery by the American Board of Surgery and is a Fellow of the American College of Surgeons.

Mission Statement

The doctors and staff of Plainview Surgical Care are passionately dedicated to bringing cutting edge medical care, including the implementation of technology and the latest proven techniques to our patients with an emphasis on personal service. We want to go the extra step to treat our patients with utmost kindness and compassion because you are also our friends and neighbors. That's what we mean by Quality Care with Hometown Caring.
