To the Editor:

The staff and I at PlainviewSurgical Care want to say thank you for all the community support we received during our grand opening celebration. We would like to especially thank Gary Lloyd and the Chamber of Commerce Red Coats, the members of the Covenant Hospital Governing Board and Hale County Authority Board, as well as the medical community and the great people of Plainview.

We are very fortunate to have the opportunity to practice surgery in the Plainview area and look forward to working with the community for many years.

May God bless you.

Sincerely,

Doug Cummins, M.D., FACS

Plainview Surgical Care
